

CERTIFICATE OF CONFORMITY FORM 2 (COC II)

This Certificate of Conformity Form 2 must be completed and submitted by the Main Contractor or Consultant for all construction work. Application must only be made after the building height reaches the second floor slab above ground (G + 2) but before the fourth floor slab (G + 4) is constructed. For all structures including industrial units and warehousing application must be made when workers are working 6 metres above ground level.
