Note : Any changes/additions to this list on site will require to be notified in the first instance to EHS Dept. and prior approval for any additional/modified equipment/machinery should be obtained from EHS. Failure to do so may result in penalties being imposed in accordance with EHS Rules. DO NOT include additional machinery/equipment in this list without requisite EHS documentary approvals on the same. For any Major changes such as a significant increase in power demand, structural change, additional tank farms, machinery lines, etc., please provide detailed project proposal for EHS Management Approval. Following approval of changes, EHS Dept. will update the list and raise the version number.
